## Work Experience

---

### **Heavy Equipment Operator and Laborer**

Murphy Tower Service LLC - IA

February 2022 to Present

At this Job I have learned how to operate a mini backhoe, skid loader, drill, vac, and other equipment to get the job done. I started off at the labor position and didn't know anything, now I feel like I have grew enough knowledge and want to continue doing the same line of work. I have also got to the point that I can read maps and almost to the point that I can run my own crew but not all the way there yet, I was apart of the directional drilling crew in Fairfax and we travel all over Iowa.

### **Lawn Mower**

Gregs Lawn and Landscaping - Cedar Rapids, IA

May 2021 to Present

I work at Greg's lawn care right now after graduating high school. I really like working here and everyone is nice but I would like to start my future with starting my electrical apprenticeship.

### **Manager**

Save-A-Lot - Cedar Rapids, IA

January 2017 to May 2021

I started working at save a lot when I was a freshman in high school and worked there until I graduated high school. I worked 28+ hours a week while in school and doing sports. I stopped working there bc I felt I was worth more then what the owner was paying me.

## Education

---
